IN RE: MIDAMERICAN ENERGY COMPANY	DOCKET NO. TF-2012-0613 (RPU-2012-0001)
--	--

ORDER APPROVING COMPLIANCE TARIFF

(Issued November 6, 2012)

On October 8, 2012, the Utilities Board (Board) issued an "Order Approving Settlement" (Settlement Order) in Docket No. RPU-2012-0001, an electric rate case with MidAmerican Energy Company (MidAmerican). The Settlement Order approved a settlement which, among other things, provided that the approved revenue increases should be recovered through a single adjustment clause to enable MidAmerican to recover fixed amounts of \$38.7 million in 2012 and \$76 million in 2013. MidAmerican's currently effective interim tariff recovers the \$38.7 million for 2012 in two separate adjustment clauses, one for environmental costs and the other for fuel costs.

On October 10, 2012, MidAmerican filed a compliance tariff to implement the settlement. No objections or other responses to the compliance tariff were filed.

The proposed compliance tariff includes the addition of the revenue adjustment clause and the elimination of the environmental and fuel adjustment clauses; the proposed compliance tariff provides for no revenue increase for 2012 over what was allowed in temporary rates (\$38.7 million). The revenue adjustment

clause factors included in the compliance tariff match the revenue adjustment clause factors that were provided in Appendix B to the settlement. The compliance tariff is consistent with the settlement agreement and will be approved.

IT IS THEREFORE ORDERED:

Tariff filing TF-2012-0613 is approved, effective November 9, 2012, subject to complaint or investigation.
